

UNLOCK YOUR POSSIBILITY AT LAGRANGE COLLEGE

LaGrange College Graduate Studies offers the resources and support you need to not only uncover your goals, but to reach them. Our various graduate and certificate programs in education and clinical mental health counseling are designed to help you reach your highest potential and ignite your passion for your career. Learn more about how LaGrange College can help you unlock your possibility below.

Strong Foundations

Founded in 1831, we are more than an online college – we’re the oldest private institution in the state of Georgia. Online learning at LaGrange College is supported by a historic brick-and-mortar school with almost two centuries of excellence in higher education.

Small Classes

You are more than a number at LaGrange College. Our small class sizes allow faculty to meet the diverse needs of students on a one-on-one basis. Your professors will get to know you and help you pursue your individual passions and goals.

High-Demand Degrees

With the global mental health pandemic and teacher shortages at all-time highs, mental health counselors and educators are more sought after than ever. Our students graduate to find an abundance of job opportunities and a world in which their skills and expertise can truly make a difference.

Flexible Options

Earn your graduate degree your way. Our hybrid-learning tracks give students the opportunity to join live classes or watch recorded lessons later, with asynchronous options available for some programs. Plus, online students receive the same support and advantages as those who attend in person, like face-to-face meetings and group projects.

Dedicated Faculty

The faculty at LaGrange College build lifelong relationships with students – first as mentors, then as colleagues. Your professors will be there for you around the clock as you earn your graduate degree and will continue to support you and cheer you on long after graduation.

Affordable Excellence

LaGrange College is one of the most affordable private colleges in the Southeast, and 95% of students receive financial aid. In fact, *U.S. News & World Report* named us a “Best Value” college and describes us as a “great school at a great price.”

Discover your purpose at LaGrange College Graduate Studies.

If you’re ready to apply, you can submit your application now with no required test scores, a quick admission decision and a waived fee. If you have any questions about LaGrange College, our programs or the application process, please give us a call at 800-593-2885 or send us an email.
